

Enabling Audit Trails to Enforce Accountability (3e)

Access Control and Identity Management, Third Edition - Lab 09

Student:
Christopher Phan

Email:
cphan@udallas.edu

Time on Task:
3 hours, 42 minutes

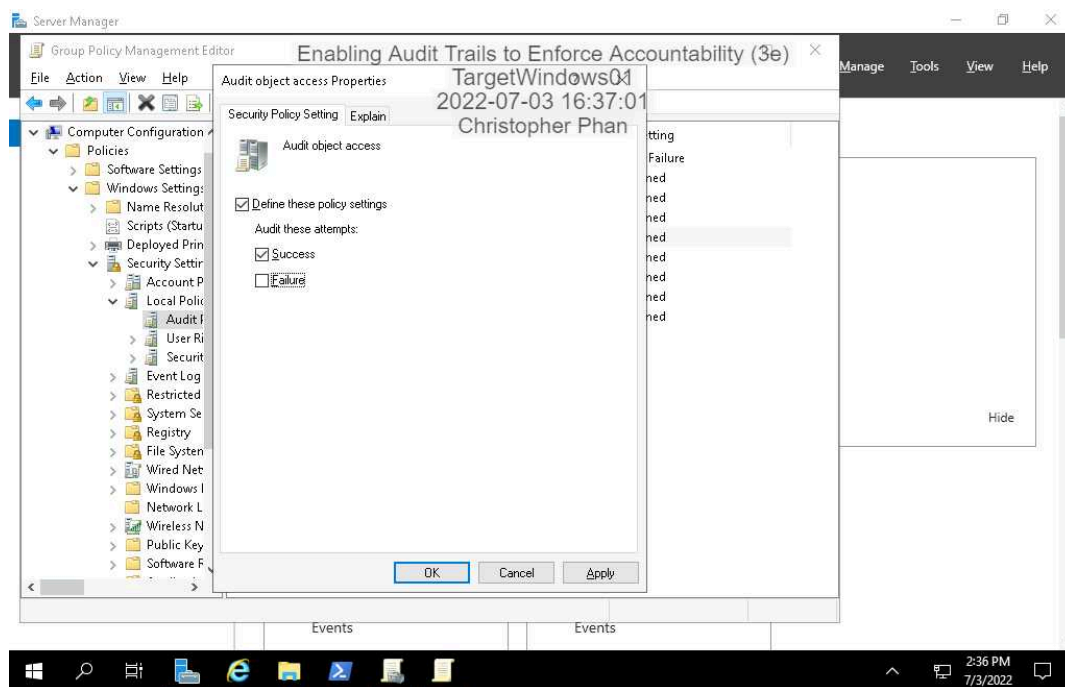

Progress:
78%

Report Generated: Tuesday, July 5, 2022 at 9:34 PM

Section 1: Hands-On Demonstration

Part 1: Configure an Auditing Policy

13. Make a screen capture showing the **updated Audit Policy**.

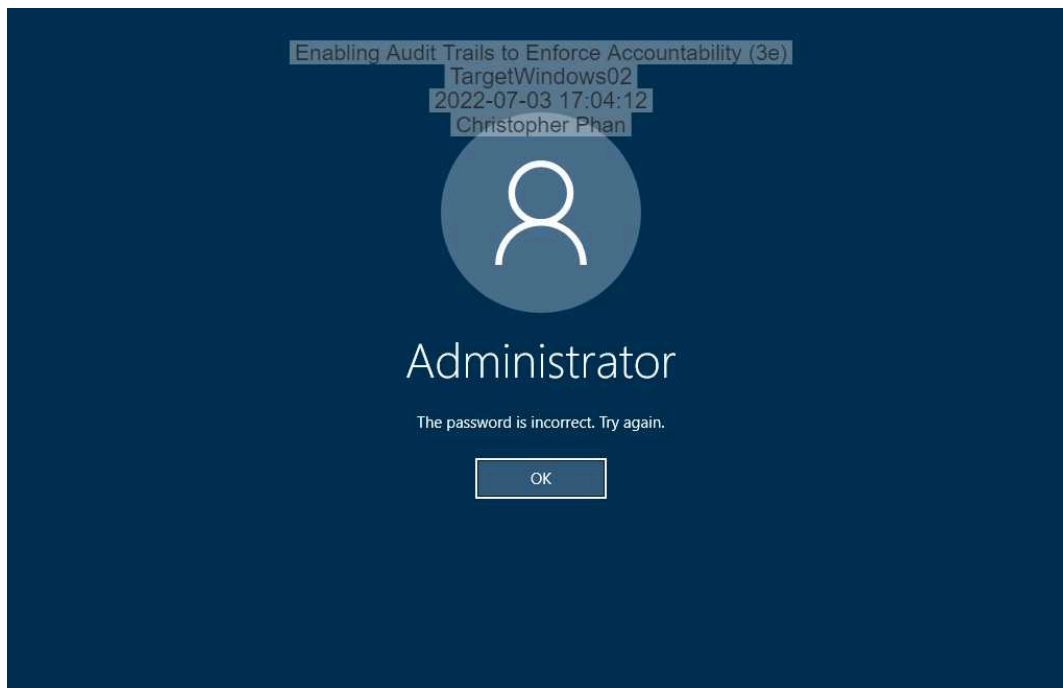

Part 2: Generate Log Entries

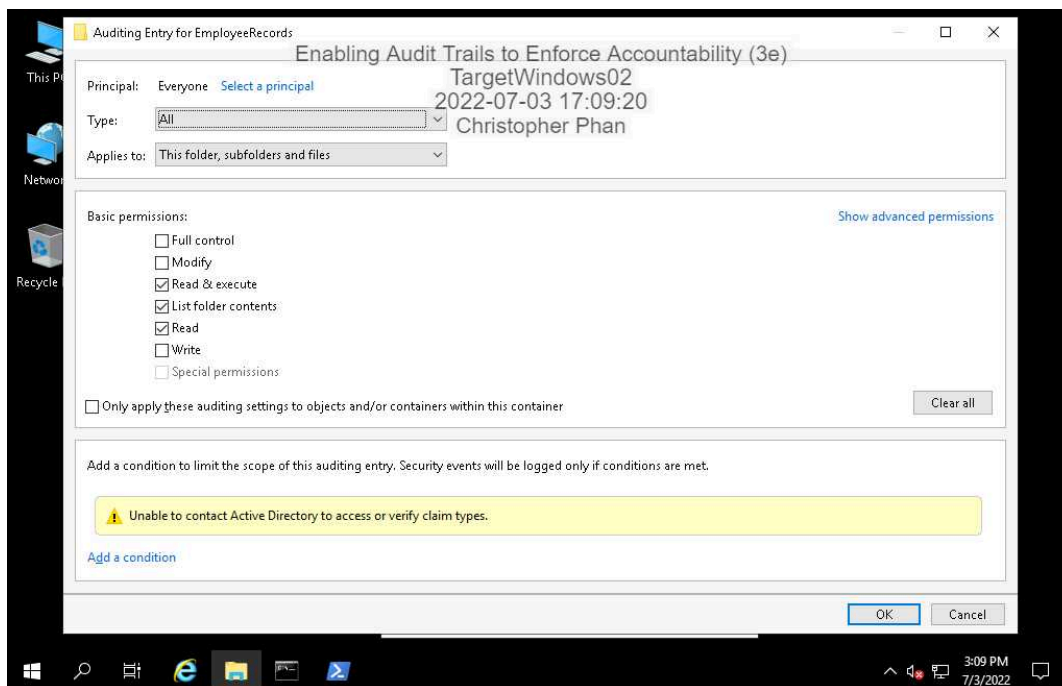

Enabling Audit Trails to Enforce Accountability (3e)

Access Control and Identity Management, Third Edition - Lab 09

8. Make a screen capture showing the **failed logon attempt**.

28. Make a screen capture showing the **updated Auditing properties** for the **EmployeeRecords** folder.

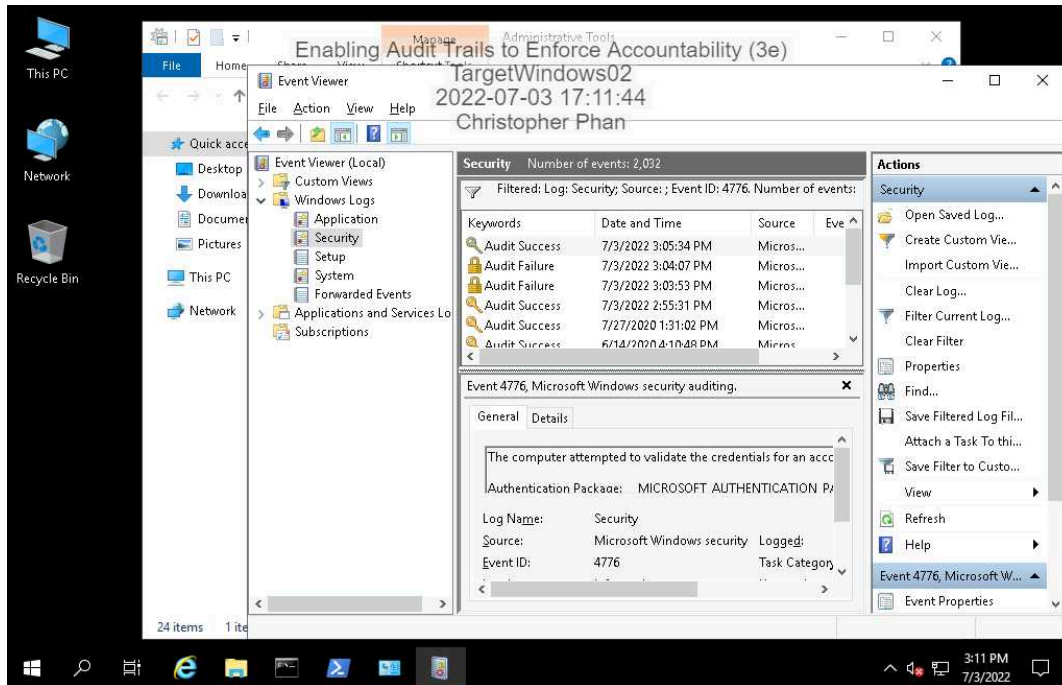

Part 3: Review Log Entries

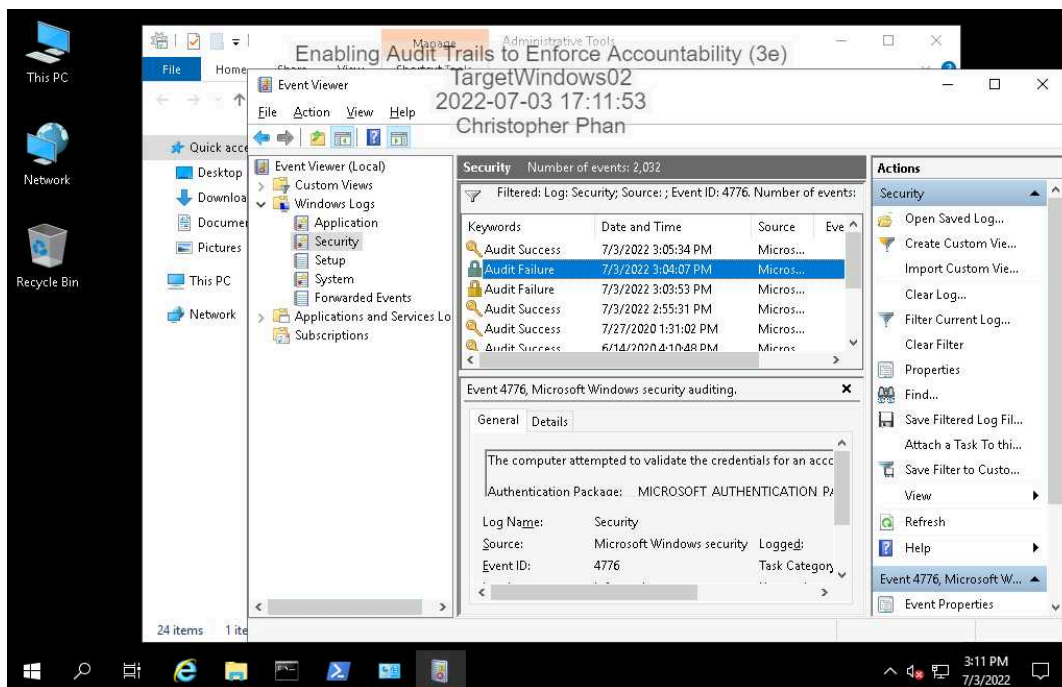

Enabling Audit Trails to Enforce Accountability (3e)

Access Control and Identity Management, Third Edition - Lab 09

10. Make a screen capture showing the **successful login attempt** in the Event Viewer.

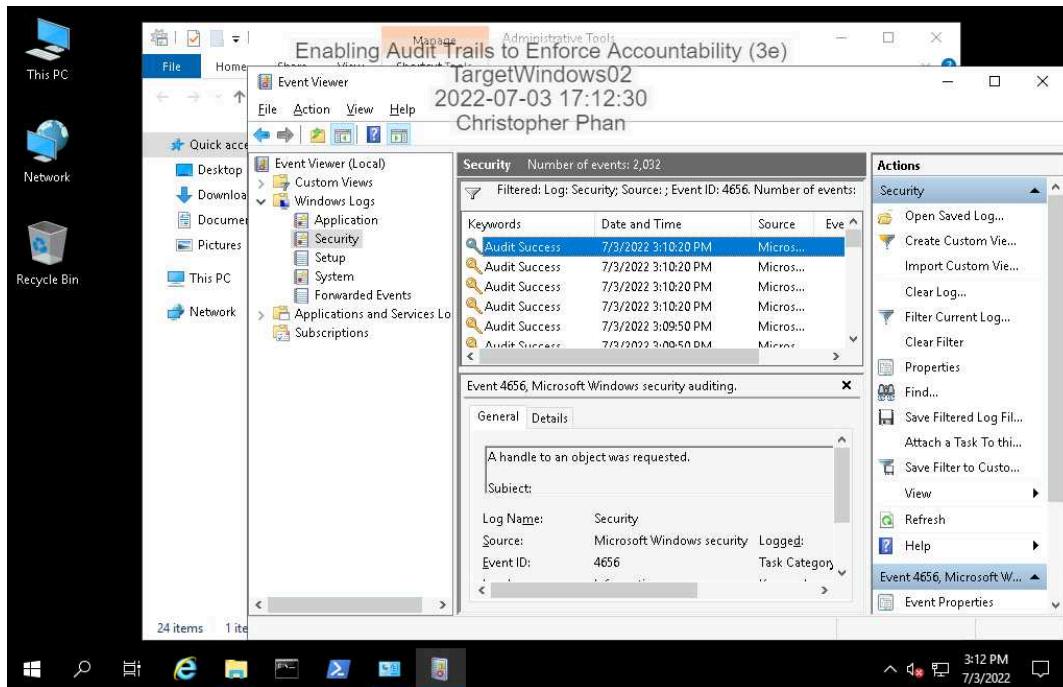

12. Make a screen capture showing the **failed login attempt** in the Event Viewer.

Enabling Audit Trails to Enforce Accountability (3e)

Access Control and Identity Management, Third Edition - Lab 09

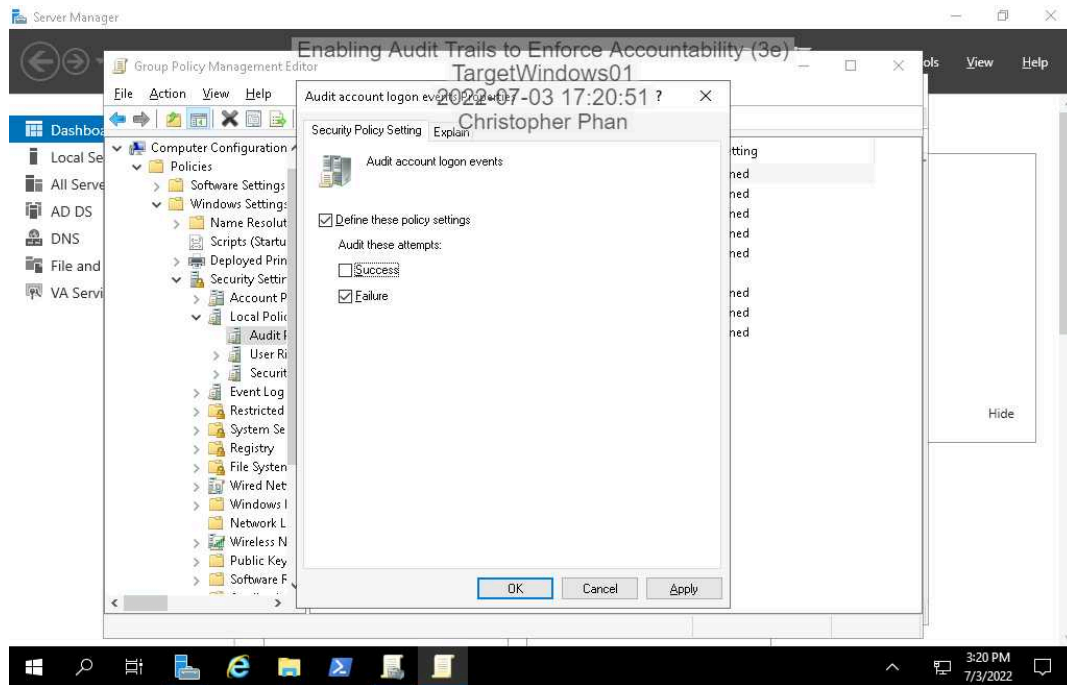

14. Make a screen capture showing the **successful object access attempt** in the Event Viewer.

Section 2: Applied Learning

Part 1: Configure an Auditing Policy

7. Make a screen capture showing the **updated account logon audit policy**.

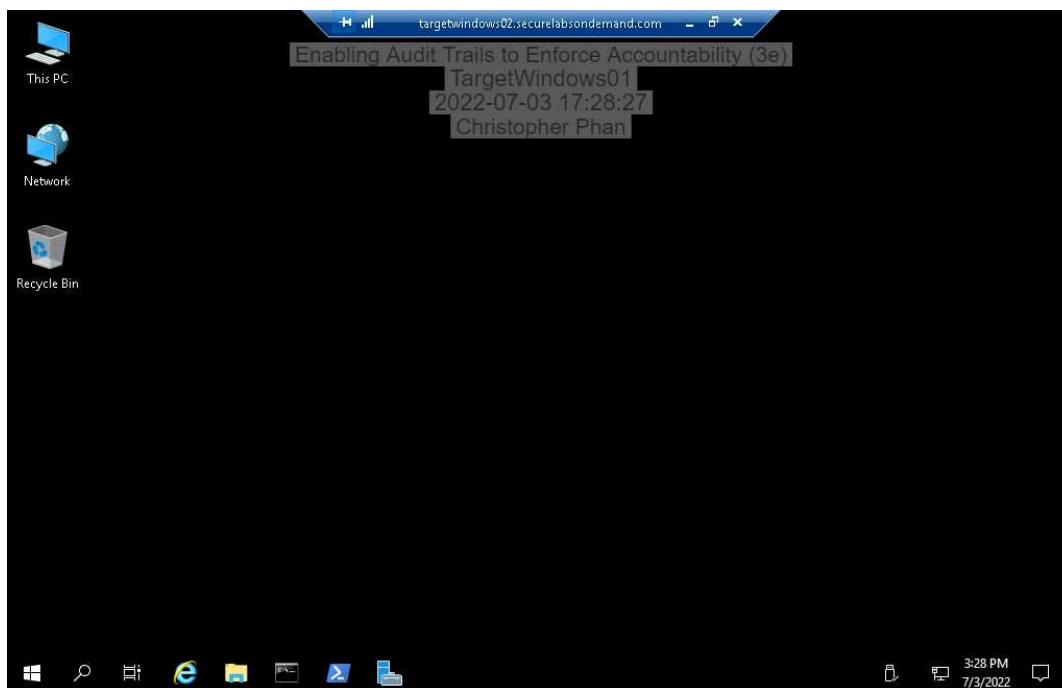

Part 2: Generate Log Entries

Enabling Audit Trails to Enforce Accountability (3e)

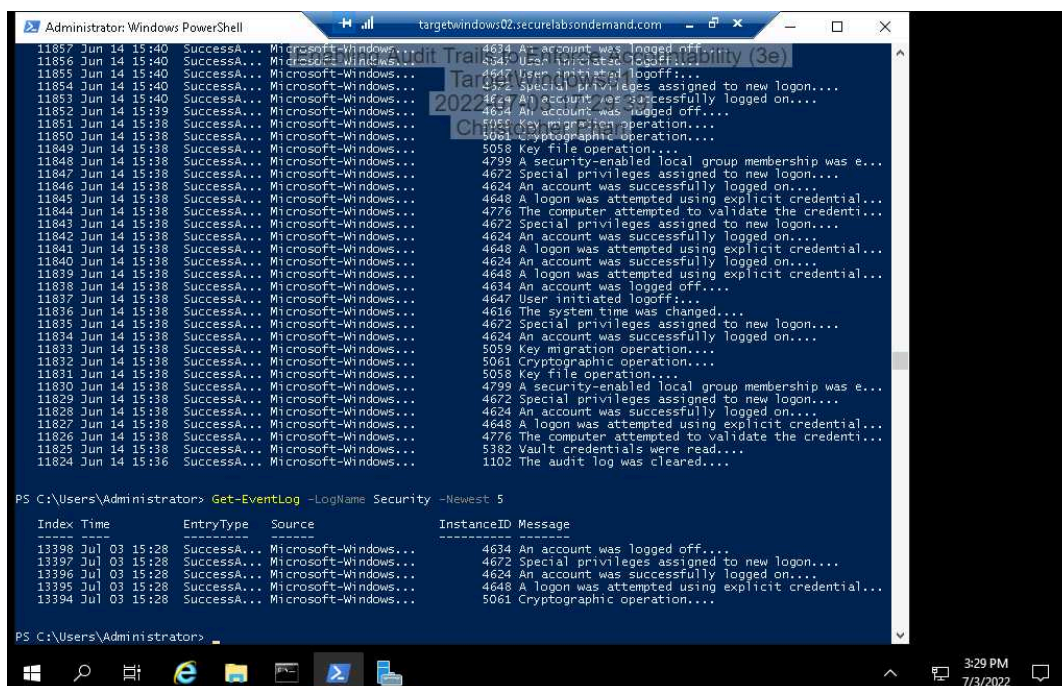

Access Control and Identity Management, Third Edition - Lab 09

12. Make a screen capture showing the **successful RDP connection to TargetWindows02**.

Part 3: Review Log Entries using PowerShell

5. Make a screen capture showing the **five most recent Security event log entries in PowerShell**.

- Make a screen capture showing the failed login entries from the Security log in PowerShell.

Section 3: Challenge and Analysis

Part 1: Deploy a Faculty Auditing Policy

Make a screen capture of the policy settings that enable password change auditing.

Incomplete

Make a screen capture showing the **Section3 GPO** applied to the **Faculty OU**.

Incomplete

Part 2: Create Student Records and Configure Auditing

Make a screen capture showing the **executed command** and the **audit entries for object access events**.

Incomplete
